

Dog Fouling

The Parish Council in the interest of all have installed two dog waste bins in Newton Tony. These bins are not cheap, however, on balance the council felt it was a worthwhile use of Parish Precept funds.

The objective was to encourage dog owners to clean up after their dogs.

Dog fouling is an offence and the council will seek prosecution of dog owners caught not clearing up their dog mess. We call upon you all to help identify the culprits and keep our village clean and free from dog excrement.

Please use the bins provided and funded by our village.
